JD6006 Pencil Sharpener With Electric Eraser

HANDY PENCIL SHARPENER
NOT JUST AN ELECTRIC ERASER
BUT ALSO A MANUAL PENCIL SHARPENER

Strong Erasing Capability - Circular movement and strong motor allow you to erase targeted areas effectively and precisely. This electric eraser offers precise pinpoint erasing and provides plenty of torque in order to remove thick and stubborn marks from the page. Comparing with a regular eraser, it can erase sketch and drawing more fast and cleanly.

2 in 1 design - New 2 in 1 design and portable, the built-in pencil sharpener on the top is handy since you are going through pencils faster. No longer must look all around for a sharpener while drawing.

Convenient to Use - Comfortable, compact design, lightweight, pinpoint precision erasing. Press the button and a little pressure is all that's required to remove marks. Electric eraser with one push button is easy to use for removing marks fast. It is easy to remove and replace, ideal for drawing, drafting, architectural plans, arts and crafts, etc.
